PROFESSIONAL EXPERIENCE

Berry College Division of Nursing, Mount Berry, Georgia

Nursing Skills Lab and Simulator Coordinator, November 2022 – Present

- Assist with incorporating INACSL standards into simulation, encouraging a productive learning environment
- Collaborate with colleagues to create and conduct simulation scenarios for pediatric, OB, adult health, and vulnerable populations courses
- Inventory and maintain the supplies necessary to execute effective skills and simulations
- Utilize critical thinking when handling technology issues prior to, during, and after simulations
- Update current software of manikins and related technology
- Instruct 2nd-year BSN students in the clinical setting

Simulation Technician, January 2022 – November 2022

- Collaborate with nursing faculty to design and carry out simulations for pediatric, OB, and adult health courses
- Create and maintain a learning environment applicable to each student
- Anticipate and problem-solve technological issues regarding the manikins
- Update current software of manikins and related technology

Simulation Lab Manager, August 2020 – May 2021

- Manage and train several lab assistants
- Motivate other student workers to adequately perform the job assigned
- Create an innovative schedule that encompasses all tasks that need completing
- Collaborate with student workers and nursing faculty to ensure a healthy working environment is established and maintained
- Attend Laerdal Learning Application (LLEAP) training to gain knowledge necessary to assist with planning, running, and caring for simulation manikins

Research Assistant, January 2021 – May 2021

- Gather data in a manner that maintains participant confidentiality
- Communicate with research subjects in a timely/orderly fashion
- Relay information to appropriate supervisor

Heyman Hospice Care, Rome, Georgia

Staff RN, May 2023 – Present

- Communicate therapeutically with patients and their family members
- Collaborate with the medical team to encourage comfort and promote patient dignity
- Observe and assess patients while educating family members

Northside Hospital – Cherokee, Canton, Georgia

Staff RN II, July 2021 – May 2023

- Utilizing the nursing process to restore and promote patient health
- Administer medications and treatments
- Observe and assess patients
- Monitor and report symptoms/changes in patient status
- Collaborate with medical team to encourage patient recovery

Redmond Regional Medical Center, Rome, Georgia

Med/Surg Patient Care Technician, May 2019 – August 2019

- Provided basic patient care needs including bathing/feeding assistance and obtaining patient vital signs with compassion
- Participated as a patient advocate within the healthcare team
- Collaborated with nursing staff to provide patient-centered care
- Transported patients to other areas of the hospital
- Provided 1:1 observation of patients posing a safety risk to themselves or others
